## VEHICLE REGISTRATIONS TO BE USED ON ACCOUNT

## EXPECTATIONS OF WASTE TO BE DISPOSED

*Please put a percentage split next to each category*

- CONSTRUCTION AND DEMOLITION**  Split %  
Waste materials from the construction or demolition of a building. This includes building materials such as insulation, nails, plasterboard and timber, roofing materials, as well as waste originating from site preparation such as dredging materials, tree stumps and rubble.
- INDUSTRIAL/COMMERCIAL.INSTITUTIONAL**  Split %  
Waste from industrial, commercial and institutional sources. (ie supermarkets, shops, schools hospitals, offices)
- KERBSIDE COLLECTION**  Split %  
Domestic - type waste collected from residential premises by the local council (or by a contractor on behalf of the council), or by private waste collections (through Kerbside or similar collection)
- LANDSCAPING AND EARTHWORKS**  Split %  
From landscaping activity and garden maintenance (including public gardens), both domestic and commercial, as well as from earthworks activity, unless the waste contains only VENM, or unless the earthworks are for purposes of construction or demolition of a structure.
- RESIDENTIAL**  Split %  
All waste originating from residential premises – e.g. Rubbish skips to private residences

- **SPECIAL WASTES**

Split %

That fits into significant, identifiable waste streams, usually from a single generator. Special wastes are those that cause particular management and/or disposal problems and need special care. It includes any substantial waste stream (such as bio solids, infrastructural clean fill, or industrial wastes), that either requires special handling or waste that cannot be accepted at Council's disposal facilities.

- **VENM - VIRGIN EXCAVATED NATURAL MATERIAL**

Split %

Material that when discharged to the environment will not have a detectable effect relative to the background and comprising virgin excavated natural materials such as clay, soil and rock that are **free of:**

- Combustible, putrescible, degradable or leachable components;
- Hazardous substances or materials (such as municipal solid waste) likely to create leachate by means of biological breakdown;
- Any products or materials derived from hazardous waste treatment, stabilisation or disposal practices;
- Materials such as medical and veterinary waste, asbestos, or radioactive substances that may present a risk to human health if excavated;
- Contaminated soil and other contaminated materials;
- Liquid waste.

---

You irrevocably authorise any person or company to provide us with such information as we may require in response to our credit inquiries. That you authorise us to furnish to any third party, details of this application and any subsequent dealings that you may have with us as a result of this application being actioned by us. I/We note that if our account is not paid by the 20th of the month that this account will be closed and any future transactions will be for cash only.

**I/We have read and agree to be bound by the terms and conditions of trade above. I/We warrant to the Council that the above information is to the best of my knowledge, true and correct and that I am duly authorised to enter into this agreement and future contracts on the buyer's behalf.**
